****Managers who use players from outside the county (players who do not meet residency requirements - living, working, or going to school fulltime in Olmsted County) will be charged \$20.00 per player. Failure to inform the Park & Recreation office of Out of County Players and payment of their fees will result in a forfeit of all games played.**

NOTICE - VERY IMPORTANT! The intent of the Park and Recreation team classification system is to place teams in a division in which they are competitive. Not all teams can win championships in the Park & Recreation Softball Program. When a team disregards all principles of fair play by intentionally competing at a level below their ability in an attempt to win a championship or play in invitational tournaments on weekends at a lower level of competition, the team has not only cheated themselves but also the entire program. Therefore, the classification rule listed below will apply to all divisions of play within the Park & Recreation Softball Program. The teams that fail to comply with the classification rule will forfeit all remaining games and entry fees if discovered during the softball program.

A team is defined as the number of players required to play a particular sport, not the number of players allowed on a roster. (i.e. Joe's wins the Men's Dakota League and retains five (5) players who were on that championship team or picks up 2 or more players from a higher league; Joe's MUST move up to a higher league of competition.) Teams found in violation of the classification rule shall be immediately disqualified from competition. If you have any questions regarding this rule, please call me.

****UMPIRES ARE NEEDED! PLEASE CALL 328-2525 IF INTERESTED.**
